

# na30

For those who care about pure air.

## Ideal for

- Home
- Office
- First responder units
- Hotel rooms
- Transportation vehicles
- Recreational vehicles
- Boats
- Virtually anywhere clean, pure air is needed

The NA30 is unlike any other portable air purification system on the market today. Its unparalleled power comes from combining photo catalytic oxidation with polarized media, known as our PolarClear™ technology, resulting in the elimination of 99.7% of harmful airborne contaminants.

The NA30 can be mounted and hardwired or can be simply carried from one location to another, allowing you to bring the cleanest freshest air with you wherever you go.

If you'd like to feel healthier and breathe easier, the NA30 is for you.

## specifications

### PolarClear™ technology

Effective against dust, pollen, viruses, bacteria, mold, cigarette smoke, odors, and VOCs

Third-party green-certified TiO<sub>2</sub>

UV bulb with chamber to process air

No ozone or off gassing produced

MERV 14 efficiency=97% efficient at 0.3 microns

Efficiency increases as media fibers load

Patented activated-carbon center screen

### Structure

Stainless steel structure

Stainless steel hardware

Circuit breaker switch

Multiple mount options available

Exterior can also be customized

Dimensions: 5" x 16 ½" x 17 ½" (H x W x D)

Weight: 25 lbs

### Electrical

150 CFM blower

Voltage available in 120V

240V available but not standard
